2. **Conveyances Subject to Declaration.** All restrictions, conditions, covenants, reservations, liens, charges, rights, benefits and privileges which are granted, created, reserved or declared by this Declaration shall be deemed to be covenants appurtenant, running with the land, and shall at all times inure to the benefit of and be binding on all persons having at any time any interest or estate in any Parcel, or part thereof, and their respective heirs, legal representatives, successors and assigns.

### ARTICLE III

#### **ARCHITECTURAL CONTROL COMMITTEE**

1. **Architectural Control Committee.** The Architectural Control Committee (the "**Committee**") shall have the powers and duties set forth in this Declaration and shall consist of three (3) persons. Initially, the Committee shall consist of Michael A. Flory, Jason W. Flory, and Cheryl Flory. A majority of the Committee may designate a representative to act for it. Until such time as all of the Parcels have been sold by Declarant to third parties, Declarant shall have the right to remove members of the Committee and substitute other persons for any member who may be removed, resign or for any other reason ceases to act as a member of the Committee. Declarant shall take such action by written statement duly filed with the Committee. At such time as Declarant conveys all the Parcels, or earlier if Declarant so elects in writing, a majority of the Owners shall have all powers previously held by Declarant to remove and appoint members of the Committee. The affirmative vote of a majority of the members of the Committee shall be required in order to adopt or promulgate any rule or regulation or to make any finding, determination, ruling, or order, or to issue any permit, consent, authorization, or approval pursuant to the authority contained in this Declaration. In lieu of a meeting, the Committee may take action by unanimous written consent or may meet by telephone conference in which all members participate. The decisions of the Committee shall be final.
2. **Restrictions.** No structures, fencing, or other improvements, including, without limitation, residential dwellings, barns, outbuildings, or sheds, shall be constructed, erected, placed, altered, maintained or permitted on any Parcel until plans and specifications with respect thereto in manner and form satisfactory to the Committee showing the proposed improvements, site plan, all exterior elevations, roof pitch and materials, color and composition of exterior materials, including trim colors, signs, easements and utilities, and such other information as may be requested by the Committee have been submitted to and approved in writing by the Committee. No Owner may paint or otherwise decorate or change the appearance of any exterior portion of his dwelling or other buildings on his Parcel or the grade or topography of such Owner's Parcel without the prior written consent of the Committee. No permission or approval shall be required to (i) repaint in accordance with an originally approved color scheme, (ii) rebuild in accordance with originally approved plans and specifications, or (iii) to decorate any Parcel or improvements located on a Parcel with temporary seasonal decorations that do not constitute a nuisance or annoyance to the neighborhood or which detracts from the attractiveness of the Real Estate. Nothing herein shall be construed to limit the right of an Owner to remodel the interior of such Owner's residence or other buildings, or to paint such interior any color the Owner desires.
3. **Standard for Review.** Approval by the Committee must be in writing, and shall be based, among other things, on adequacy of the Parcel dimensions, conformity and harmony of external design, colors, roof materials, effect of location and use of improvements on neighboring Parcels, operations and uses; relationship of topography, grade and finished ground elevation of the Parcel being improved to that of neighboring Parcels; proper facing of main elevation with respect to nearby roads; compatibility and location of parking areas; and conformity of the plans and specifications to the purpose and intent of this Declaration. The Committee shall not arbitrarily or unreasonably withhold its approval of any such plans and specifications.
4. **Limitation of Liability.** Neither the Committee nor Declarant, nor their respective agents, employees, successors or assigns, shall be liable in damages to (i) anyone submitting plans to them for approval, or (ii) the Owner of any land affected by this Declaration, by reason of mistake in judgment, negligence or nonfeasance arising out of or in connection with the approval, disapproval, or failure to approve or disapprove any such plans and specifications which are submitted to it. Every person who submits plans to the Committee for approval agrees by

submission of such plans and specifications, and any Owner or tenant of any of the Parcels agrees by acquiring title thereto or an interest therein, to not bring any action or suit, against the Committee or Declarant, asserting any right to recover any such damages.

5. **Construction Requirements.** Exterior walls of all residential dwellings, structures, and appurtenances thereto shall be of brick, stone, wood shingles, wood siding, glass, glass blocks, any combination thereof, or any other materials approved by the Architectural Control Committee, provided there shall be no metal, tin, vinyl, plastic, or vertical siding of any kind allowed. Windows, doors, and louvers shall be of wood or metal and glass provided, however, that no exterior front of a residential unit shall contain less than twenty-five percent (25%) brick or stone. Roofs with a pitch of less than four (4) inches per foot shall be prohibited. Maximum roof pitch shall be eighteen (18) inches per foot. All exterior walls and roofs shall be as specified in this paragraph 5 unless approval is otherwise granted by the Architectural Control Committee.

6. **Approval or Disapproval of Plans.** The Committee shall have thirty (30) days following submission, in writing, by the Owner, of required plans, specifications, and other information, in which to approve or disapprove such plans and specifications, or to request additional information reasonably required by the Committee. If the Committee shall fail to approve or disapprove such plans, or to request additional information within such thirty (30) day period, the plans and specifications shall be deemed to be approved and the requirements of this Article shall be deemed to have been fully complied with. Upon approval by the Committee of any plans and specifications submitted pursuant to the provisions of this Declaration and upon approval by the applicable governmental agency authorized to issue building permits, such plans and specifications and a copy of all building permits as approved, if requested by the Committee, shall be deposited among the permanent records of the Committee. Approval for use on any Parcel of any particular plans and specifications or design shall not be construed as a waiver of the right of the Committee to disapprove such plans and specifications or any elements or features thereof in the event such plans and specifications are subsequently submitted for use upon any other Parcel or Parcels. The Committee may charge and collect a reasonable fee for the examination of any plans and specifications submitted for approval pursuant to the provisions of this Article.

#### ARTICLE IV

##### GENERAL RESTRICTIONS AND EASEMENTS

The following general restrictions and covenants shall apply to all the Real Estate, except as expressly provided:

1. **Permitted Use.** Except as limited by the laws of any governing body having jurisdiction over the Real Estate, the Parcels shall be utilized only for single-family residential purposes, compatible with this Declaration.
2. **Dwelling Size.** The total combined area of the first floor for any residence, dwelling or home to be constructed on a Parcel (exclusive of open porches, "screened-in" porches, decks, patios, and garages) shall not be less than 1,800 square feet, which are finished above-grade and intended for the regular use and occupancy of the persons living in the residence. The total combined area, exclusive of open porches (including "screened-in" porches), decks, patios, and garages, for any residence, dwelling or home containing more than one story to be constructed on a Parcel shall not be less than 2,400 square feet, which are finished above-grade and intended for the regular use and occupancy of the persons living in the residence.

No professional or commercial signs of any type or form shall be allowed on any Parcel.

4. **Livestock and Poultry.** No animals, livestock, or poultry of any kind shall be raised, bred, or kept on any Parcel, except dogs, cats, and other household pets for the Owner's personal family use may be kept so long as they are not kept, bred, or maintained for any commercial purposes. No pigs, hogs or other swine, nor goats, peacocks or exotic animals will be allowed. Except as specifically set forth in this Declaration or approved by the Committee, in no event shall any animal of any nature exceed a density of 2 animals of one species on any Parcel, nor shall there be more than 1 animal of any nature exceeding a weight of 500 pounds. Pets shall be kept under control so as not to create damage or become a nuisance. Notwithstanding the foregoing provisions of this Paragraph 4, the Architectural Control Committee may authorize, in writing, exceptions to the restrictions contained in this Paragraph 4, particularly exceptions pertaining to raising animals for 4-H, educational, or similar purposes.

5. **Oil, Mining and Quarry Operations.** No quarrying, top-soil removal for commercial purposes, borrow pit or mining operations of any kind shall be permitted upon or in any Parcel, nor shall tunnels, mineral excavations, or shafts be permitted upon or in any Parcel for such purposes. No oil drilling, oil wells, tanks, oil development operations or oil refining of any kind shall be permitted upon or in any Parcel, nor shall oil derricks or other structures designed for use in boring for oil or natural gas be erected, maintained or permitted upon any Parcel.

6. **Nuisances.** No noxious or offensive activity shall be carried on within any Parcel, nor shall any trash, ashes, or other refuse be thrown, placed, or dumped upon any exposed area nor shall anything ever be done which may be or become an annoyance, nuisance, security risk or safety hazard to the Owners. Each Owner shall refrain from making or permitting any disturbing noise by himself, his family, agents, visitors, licensees, lessees, and pets, and to refrain from permitting anything by such persons or pets that will interfere with the rights, comforts, or convenience of the other Owners. All trash and refuse shall be placed in closed containers or plastic bags, securely covered or tied, and delivered at such times, and to such locations, as may be determined for trash pickup by the County of Douglas, Kansas.

7. **Utilities and Drainage.** Rights for the installation and maintenance of utilities and drainage shall be provided over, across and under the Parcels, as reasonably requested by Declarant or required from any provider of such utilities or governmental authority, from time to time. No utility lines, including without limitation, gas, electrical power, telephone, cable television service, and internet lines, may be installed or maintained above the surface of the ground on any part of the Real Estate without the consent in writing of the Architectural Control Committee. Each Owner shall refrain from interference with the established drainage pattern over such Owner's Parcel or from adjoining or other Parcels, and shall make adequate provision for proper drainage from any such other Parcel in the event the established drainage over such Owner's Parcel is changed or altered.

8. **Commercial and Junk Vehicles.** No commercial vehicles, construction equipment, semi-tractors or trailers, unusable vehicles, salvage machinery, or other items of junk or salvage shall be stored, kept or parked overnight upon any Parcel except within enclosed garages, sheds or outbuildings.

9. **Vehicles.** No bus, truck, trailer, mobile home, boat, boat trailer or rack, equipment, machinery, cars, or vehicles of any kind not in daily use shall be parked, located, or otherwise maintained on any Parcel except within the private enclosed garage, shed or outbuilding located on a Parcel. Furthermore, the streets on the Real Estate shall not be used for overnight parking of vehicles of any kind.

10. **Buildings.** All buildings, structures and outbuildings to be constructed upon a Parcel must be completed, including paint or its equivalent, within nine (9) months from the starting date of construction. Each Owner shall maintain in good condition and repair the exterior and interior of any building erected on such Owner's Parcel, and shall maintain in good condition the real property appurtenant to any such building, including the regular mowing of lawns and removal of debris. Each residential dwelling shall have an attached two-car garage. All barns, outbuildings, sheds or other non-residential structures ("**Outbuildings**") located on a Parcel shall have the same exterior design, the same roof materials, same roof pitch, and the same colors as the residence, as approved by the Architectural Control Committee. No Outbuilding shall be built closer to the road or street providing access to such Parcel than the rear of the residential dwelling.

11. **Fencing.** Prior to adding fencing on any Parcel, information on the type, height, color, and location of any fencing shall be provided to the Architectural Control Committee, and no construction of such fencing shall commence until approval of the fencing has been given in writing by the Committee. Notwithstanding the preceding sentence, no fence shall be constructed on any Parcel closer to the road or street providing access to such Parcel than the front of the residential dwelling on such Parcel unless such fence matches the appearance, style and color of fencing of adjacent parcels, as determined and approved by the Architectural Control Committee in its sole discretion, and in no instance shall chain-link fencing be permitted under any circumstances.

12. **Mobile Homes and Basements.** No mobile home, double-wide home, component home, modular home, manufactured home, prefabricated home, prebuilt home, factory built home, house trailer, travel trailer, or any temporary or mobile structure, or any portion thereof, may be used as a residence, occupied in any manner, permanent or temporary, or maintained on any Parcel, except within enclosed garages, sheds or outbuildings or except behind screening fences so that they are screened from view by the other Owners. No basement, or any portion thereof, may be used as a residence or occupied in any manner, permanent or temporary, on any Parcel until the residence, dwelling or home has been completed in accordance with paragraph 2, above.

13. **Windmill Generators and Satellite Dishes.** No exterior power windmill generator shall be erected or installed upon any Parcel, nor shall any satellite dish with a diameter greater than three feet be installed upon any Parcel or be attached to any dwelling located on any Parcel.

14. **Division of Parcels.** No Parcel shall be subdivided, except as permitted by this Declaration or as approved by a vote of at least seventy-five percent (75%) of the then Owners of all Parcels in accordance with the voting procedure established in paragraph 1 of Article V of this Declaration. Notwithstanding the previous sentence, each Owner, by accepting a deed to any Parcel, acknowledges and agrees that the Real Estate has been surveyed and planned for the purpose of residential development, and that Owners may use the Parcels for residential purposes in accordance with this Declaration, the Build Out Plans, and the laws and regulations of Douglas County, Kansas or any other governing body that has jurisdiction over such Parcels. Notwithstanding anything in this Declaration to the contrary, Declarant hereby reserves the right to subdivide, from time to time, any Parcel or Parcels owned by Declarant.

15. **Lawful Use.** No immoral, improper, offensive or unlawful use shall be made of any Parcel, and all valid laws, zoning ordinances and regulations of all governmental bodies having jurisdiction over the Real Estate shall be observed. The obligation of complying with requirements of governmental bodies as to the maintenance, modification or repair of any part of the Real Estate, shall be imposed on the same person who has the obligation to maintain and repair such Real Estate.

16. **Firearms Prohibited.** The discharge of firearms on or about the Real Estate is prohibited, including, without limitation, "B-B" guns, pellet guns, air rifles, carbines, rifles, shotguns, pistols, black powder guns, and other firearms of all types, regardless of size, gauge or caliber.

17. **Landscape and Lawn Care.** Each Owner shall maintain the yard and landscaping of such owner's Parcel(s) at all times after closing on the purchase of such Parcel(s). The preliminary landscape plan submitted to the Architectural Control Committee must, at a minimum, provide for the planting of grass seed or sod, and at least six (6) trees with a trunk diameter of at least two and one-half (2 ½) inches on each Parcel. All Parcels, including unimproved Parcels, must keep grass cut and trimmed to a height of six (6) inches or less. All ordinances and resolutions of Douglas County concerning weeds, brush and general maintenance apply, and the ordinances and resolutions of the City of Lawrence shall apply at such time as the Parcel is annexed into the City of Lawrence, if ever. All owners, at their cost, shall plant grass seed or sod sufficient to satisfy their respective landscape plan.

18. **Maintenance of Common Driveway.** Until such time, if ever, as the Driveway is accepted as a public road or street for public maintenance by either Douglas County or the City of Lawrence, Kansas, the Driveway shall be maintained by the Owners of the Residential Development Parcels as follows:

a. The Owners of the Residential Development Parcels on which the Driveway easement is located, at their expense, shall cause the Driveway to be maintained at all times in good and clean condition and repair and shall equally share the expense of such maintenance and repair as follows: (i) To maintain the surface in a smooth and evenly covered condition with the type of surfacing material originally installed or such substitute as shall in all respects be equal or superior in quality, use, and durability; (ii) remove all papers, debris, filth, and refuse to the extent reasonably necessary to keep the Driveway in a clean and orderly condition; and (iii) maintain any drainage structures and drainage ways for storm water runoff. Any upgrading of the Driveway beyond that which exists at the time of the construction thereof shall be made only upon the agreement of all the Owners of the Residential Development Parcels on which such Driveway shall be located, and the cost of said improvements and the distribution of the costs must also be agreed to by the Owners of the Residential Development Parcels on which the Driveway exists; provided, however, that the Owner of a Residential Development Parcel on which the Driveway exists may upgrade the Driveway without the agreement of the other Owners at any time and from time to time, at such Owner's sole expense.

b. When a single-family residence is constructed on any Residential Development Parcel, then the Owner of such Residential Development Parcel shall be required to provide for or contribute towards the cost of snow removal on the Driveway, as follows: such Owner's share of the cost of snow removal shall be determined by dividing the number of single-family residences owned by such Owner divided by the total number of single-family residences constructed on all Residential Development Parcels. Notwithstanding the previous sentence, if one single-family residence is constructed on more than one Residential Development Parcel, or if an Owner constructs a residence on one Parcel and appurtenant outbuildings on another, then the Owner of the Parcels upon which such residence and/or outbuildings is located shall bear the cost of such snow removal as though a single-family residence were constructed on each of such Parcels. In no event shall a Residential Development Parcel with no improvements located thereon be required to contribute toward the cost of snow removal.

c. If the Owner of any Residential Development Parcel shall fail or refuse to maintain or repair the Driveway in accordance with this Declaration, the Owners of the other Residential Development Parcels shall have the right, but not the obligation, to perform or cause to be performed such maintenance and repairs as set forth in this Declaration, in which event the Owners performing said maintenance and repairs shall be entitled, upon written demand to the Owner of the other Parcel, to reimbursement of actual and reasonable expenses incurred, and the repayment of such expenses shall be enforceable and secured by a lien as in the case of all other fees or charges in accordance with paragraph 3 of Article V.

19. **Private Driveways.** All private driveways (i.e., driveways located on a Parcel for purposes of vehicular and pedestrian ingress to and egress from any residence(s) constructed on such Parcel) shall be constructed with hard surfaced material (i.e., concrete, asphalt, or chip and seal). At the entry to each private driveway serving a Parcel, where such private driveway connects to the Driveway or to public right-of-way, the Owner of such Parcel shall construct and maintain in good condition two (2) lighted pillars, three feet (3') in height, using the same material as the residence located on such Parcel (e.g., brick, stone, etc.). The size, location, design and materials used for such pillars, and any proposed modification thereof, shall be subject to the prior approval of the Committee.

20. **Single-Story Height Restriction.** Construction on the Parcel described as RDP 2 on Exhibit A to this Declaration shall be limited to a single-story residence and a single-story outbuilding.

21. **Above Ground Swimming Pools.** Above ground swimming pools are prohibited. All other pools shall be fenced and hot tubs shall be fenced or otherwise adequately screened, all in accordance with the other provisions of this Declaration. All pools and hot tubs shall be kept clean and maintained in operable condition at all times while in season.

22. **Exterior Ornaments, Yard Art and Gardens.** Exterior ornaments and yard art are strictly prohibited in the front yard. This includes, but is not limited to, windsocks, weather vanes, windmills, statues, animal forms, miniature fences and bird baths.

## ARTICLE V

### MODIFICATION AND ENFORCEMENT

1. **Modification.** Except as provided in this Declaration, this Declaration, or any provision hereof, or any covenant, condition, restriction or reservation contained herein, may be terminated, changed, modified or amended, including, without limitation, adding new or additional provisions, covenants, terms or restrictions (hereinafter, "**Amend**" or "**Amendment**"), at any time, with the written affirmative vote, in person or proxy, of the then Owners of at least three-fourths of all the Parcels. The Owner or Owners of each Parcel shall be entitled to a single vote for each such Parcel owned. Each Parcel shall be entitled to a single vote so that if an Owner owns more than one Parcel, such Owner shall be entitled to a single vote for each Parcel owned. If a subdivision shall occur under Paragraph 14 of Article IV of this Declaration, the Owner of each such subdivided Parcel shall also be entitled to a single vote. Notwithstanding the foregoing, no such Amendment shall be effective without the written approval of Declarant, so long as Declarant owns any Parcel. An Amendment made as provided herein shall immediately be effective upon recording a proper instrument in writing executed and acknowledged by the required Owners (and by Declarant, if required herein) in the office of the Register of Deeds of Douglas County, Kansas.

2. **Declarant's Right to Amend.** Notwithstanding any other provision of this Article V, until at least 90% of the Parcels have been sold by Declarant to third parties, Declarant reserves the right to Amend this Declaration without the approval of any Owner or other person.

3. **Enforcement.** In addition to any Owner, the Committee members shall have the authority and standing, but not the obligation, on behalf of the Owners, to enforce in courts of competent jurisdiction, the restrictions and covenants contained in this Declaration and decisions of the Committee established in this Declaration. No restriction set forth in this Declaration shall be personally binding upon any Owner, except in respect to breaches committed during his, their, or its ownership of a Parcel as record title holder, and the Committee and/or the Owner or Owners of any other Parcel, or part thereof, may have the right, but not the obligation, to sue for and obtain a prohibitive or mandatory injunction to prevent the breach, or to enforce the observance of the restrictions herein set forth, in addition to ordinary legal action for damages. Enforcement either to recover damages or restrain violations shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant. The costs (including attorneys' fees and court costs) incurred by the Committee or the other Owners to enforce the provisions hereof may be assessed against the Parcel upon which such violation occurred. When the costs are so assessed, a statement of such costs shall be delivered to the Owner of said Parcel at which time the assessment shall become due and payable and a continuing lien upon such Parcel, and a binding personal obligation of the Owner of such Parcel and the Owner or the Committee in whose favor such lien accrues may, but shall not be required to, file a statement (a "**Lien Statement**") in the office of the Register of Deeds of Douglas County, Kansas, setting forth the amount due and the lien, which Lien Statement may state that it covers unpaid statements occurring after the date of the Lien Statement. The lien against any Parcel shall continue for a period of five (5) years from the date a Lien Statement is recorded in the Office of the Register of Deeds of Douglas County, Kansas, or if a Lien Statement is not so recorded, then the date of delinquency and no longer unless a foreclosure action shall have been filed. In the event such action is filed within five (5) years from the date the Lien Statement is recorded, or if not recorded within five (5) years from the date of delinquency, the lien shall continue until termina-

tion of the action and until sale of the Parcel under the execution of judgment establishing the same. No restriction set forth in this Declaration shall be personally binding upon any Owner, except in respect to breaches committed during his ownership of a Parcel or Parcels as record title holder. The Committee shall have the further right, through its agents, employees or committees, to enter upon and inspect any Parcel at any reasonable time for the purpose of ascertaining whether any violation of the provisions of this Declaration exist on such Parcel, and neither the Committee nor any such agent or employee shall be deemed to have committed a trespass or other wrongful act by reason of such entry or inspection.

4. **County Enforcement.** Notwithstanding anything in this Article V to the contrary, the Board of County Commissioners of Douglas County, Kansas shall have the right to enforce the Original Declaration in any manner permitted by law, and no amendment to the Original Declaration shall be effective unless and until such amendment has been approved in accordance with the terms of the Original Declaration.
